Picture Of The Week — Smiles For "Bobbie J"

—Photo by Staff Photographer Dale Hovey
Happiest local family, Sunday, was Mr. and Mrs. John Soldavini and daughter Barbara. Reason: their trim new 36-foot cruiser yacht "Bobbie J" slid perfectly down the ways to a beautiful launching at George W. Kneass Boat Builders, Eighteenth and Illinois streets, San Francisco.

This shot, taken just a few moments before the yacht was christened, shows (left to right) Mrs. Jane Soldavini, John Soldavini, their daughter Barbara and Barbara's friend, Lorraine Davidson. For more about the launching party see column 1.

Large Crowd Sees Yacht Launched

The orchestra's strains of "God Bless America" were muffled by a roar of cheers that went skyward, Sunday afternoon, as John Soldavini's cruiser yacht "Bobby J" slid down the ways to dip its bottom for the first time in the waters of San Francisco bay.

More than two hundred local people participated in the launching party and celebration that reached a climax as Barbara (Bobby) Soldavini cracked a bottle of champagne across the ship's prow to the words of "I christen thee 'Bobby J'."

Construction was started on the 36-foot boat last November. For several years John Soldavini has been dreaming about the beautiful ship he was going to build for the pleasure of his family. During the past five months, that dream has unfolded into the beauty of the ship friends helped him launch, Sunday. From keel to cabin paint, the job was done by George W. Kneass Boat Builders, Eighteenth and Illinois streets, San Francisco.

Launching ceremonies started Sunday at noon. Guests were entertained with orchestra music, served cocktails and buffet luncheon. Shortly before 2 p. m. toasts were given from a platform. (Continued on Page 5)

Daly City Police Aid In Capture

Identification by local police of a green truck, passing through Daly City early last month, helped capture two men who had stolen a number of bathtubs and pipe from an appliance store in San Francisco.

Having little to go on but information given them by San Francisco police about the color of the truck, the Daly City force spotted the vehicle and took its license number.

This information was telephoned to the San Bruno police, and the truck was picked up in San Bruno. In the meanwhile, William Grose, Daly City, was picked up in San Francisco, and his partner Archie Bazzazi was taken into custody in Daly City.

It was discovered that Grose had stolen the truck from Southern Pacific property in San Francisco, and, with Bazzazi, had robbed the appliance store.

The pair also had stolen six tires and wheels from a garage on the Harding golf course.

Grose and Bazzazi pleaded guilty and were sentenced to six months in the county jail.

Girl Scout Committee To Decide Camp Site

The summer camp site for girl scouts of Daly City will be designated Friday evening when the Daly City Girl Scout committee meets at 101 Parkview avenue.

Plans will be completed for the annual camp whist, sponsored by the committee. It is to be held at Theatre hall, Tuesday, May 13. Mrs. George Sorg is chairman in charge of ticket sales; Mrs. A. M. Harrison is handling arrangements; senior girl scouts are making posters of the annual event.

Girl scout camp will be held this year during the last week in June.

Curtail Recreation Dept.

Quota Reduction In Number Of Leaders Forces Shut Down At Two Centers

BRUCE BOYNTON

Due to a recent reduction in their quota of leaders, the Daly City WPA Recreation department has been compelled temporarily to discontinue activity at Our Lady of Perpetual Help school and at the General Pershing elementary school.

"Only four men and one woman remain to carry on the recreation work in Daly City," said Bruce Boynton, supervisor of the department.

Because of the lack of women leaders the annual May Day Festival, and the Easter Egg Hunt have been called off this year. Only sports activity can be supervised by the local WPA contingent. The programs at Jefferson Union high school and at Vista Grande Park are being carried on as usual.

"This situation throws a strong light on the need in Daly City for its own recreation department," said Boynton. "The Federal government has never had the intention of setting up permanent recreation departments under WPA supervision. Its purpose was to give organized recreation a start in towns where none existed before and then to allow the community to continue the work under its own momentum."

Boynton asserted that Daly City needs a recreation commission—a body that is an integral part of the civic governmental structure. South San Francisco has such a commission, he stated, and Redwood, Burlingame, and San Carlos have paid recreation departments.

"These were started by the Federal government," he said, "but now they are functioning independently."

It is Boynton's opinion that Daly City should begin thinking about following suit by setting up an independent recreation department.

"A well-functioning recreation department has an important place in national defense, as well as in other ways," said Boynton. "It has a vital position in maintaining and strengthening the morale of the people."

Jeff's Baseball Team To Meet SSF

They're not overconfident. But they mean business.

We're referring, of course, to the Indians, the Jefferson high school baseball team, who play their first league game this Friday, April 4, with South San Francisco, their rival of long and bitter standing.

Last Friday was wet so the first regular scheduled game with San Mateo was not played.

The outlook for this year's Indian team gives reason for the optimistic attitude of Albert Biggs, Jeff's baseball coach. Last year the nine fought to a tie with San Jose for first place at the end of the regular season, only to lose to Sequoia in the Shaughnessy playoffs. Seven of that team are back this year.

Pitching is the main problem wrangling the brow of Coach Biggs. Bob Nava and Herb Poddig will carry the burden on the mound for the Indians. Last year, as a junior, Poddig pitched some two and three hit ball games. He is also a threat at the plate, and is counted on to do good work in helping the team snatch the pennant.

First string catcher will be Manny Huerta, with one season of experience to his credit. Huerta is (Continued on Page 7)

Machine Slams Into Streetcar Here

Trying to avoid hitting a dog which scooted in front of his automobile, yesterday morning, Glen E. Leney swerved twice, lost control of his machine, and slammed into a streetcar at Evergreen and Mission.

Leney, 21, who lives at 758 Cayuga, San Francisco, was rushed to Villa hospital by the Daly City ambulance, where it was found he suffered extensive lacerations of the scalp, and other cuts and bruises.

Striking the streetcar at the left front door, Leney's automobile rebounded fifty feet.

Announce Draftees For Fifth Call

For those draftees with relatively high serial numbers who are wondering why they are being called so soon, Mrs. Isabelle Flynn, of the local draft board, has the answer.

Since 2900 was the highest number drawn by anyone in the local draft area all numbers above this are deleted from the master list to be used here.

Each draft area is expected to send a certain number of men each time, and if there are no men with low numbers those with higher numbers must be taken. Thus a man with a rather high serial number in the national draft may be near the first on the local list because there are few with lower numbers in his area.

However, roughly speaking, a draftee's number will be in proportionately the same position on both the national and local lists.

Four men will leave this Friday forming a special replacement draft call to make up the arrears of the first four draft calls.

The replacements are Ralph Clark, 251 Wellington, Nicholas Lettiere, 28 Knowles, William Leveroni, Castle street, Colma, and Mario Franco, Dunk street, Colma. Clark is a volunteer.

The fifth call is for Monday when eighteen selectees will go for their year's training. Five of this group are volunteers: Richard Wilson, Warren Flick, Edward Martin Craff, Roy Napier, and John Silva.

From Daly City come four of the fifth-call draftees, four from Colma. Nine from South San Francisco, and one from San Francisco.

The selectees are as follows: (Continued on Page 6)

There's Nothing Like A Vacation

School's all right, but there's nothing as swell as vacation!

This is probably what is running through the collective mind of the Daly City school kids at this very moment. Reason: Easter holidays, which are coming up soon.

Our Lady of Perpetual Help school will close the Thursday before Easter, April 10, and take up their scholastic duties again the Wednesday after Easter, April 16.

All public grammar schools close after classes, Friday, until Monday, April 14. Jefferson Union high school vacation period covers the same period.

The lower grades have their rooms decorated with Easter bunnies, and kindergarten and the first grade will probably have parties.

During the holidays the Jefferson high school gymnasium and pool will be open as usual to the public.

Bank Of Am., Jew Town Tie For First

Sailing along unbeaten during the second and third week of the Daly City Record Bowling Tournament, Bank of America and Jew Town finished the fourth week in a tie for the coveted first place. Each team has won eight and lost one.

Jew Town made the best record for the second and third week of play, winning six—three from Daly City Creamery and three from Alert Van. The Bank of America boys took Stockton Lumber for three games.

Close behind, and menacing the leaders, are Hammar's Station and Hilltop Lodge.

These two teams clashed during the third week and Hammar's came out on top in a tight contest, 2-1. This enabled Hammar's to squeeze out Hilltop for third place at the present writing, because both teams whitewashed their opponents last week. Hammar's Station beat Central Creamery 3-0, and Hilltop treated Daly City Photo equally rough, 3-0.

The only other team having a better than .500 average is Mission Bell Chateau, which beat the Central Creamery girls 3-0, and lost to the Independents 2-1.

At the end of four weeks, Kennedy's opening night score of 266 still is high for a single game. Kennedy is an Alert Van man. His three game total of 628 is also still unshaken, although Warren of Bank of America came close last week with a 615.

Team score for a single game was still in the hands of Hilltop. They bettered their record of 904 to 913. High team score for three games remains to the credit of Hammar's Station. In beating Hilltop they totalled 2455, highest three game total yet. Complete individual and game scores for the tournament play to date may be (Continued on Page 5)

An assistant director doesn't usually get left out of a club's most important secrets. But this was the plight of **Amelia Capurro**, at a recent Saturday meeting of the Hillside Children's Safety club. Amelia simply couldn't understand why she was sent across the street to read to the younger children while several of the older girls disappeared with the leader, **Mrs. Francis Bradley**, into the house.

She understood why when fifteen voices chorused "Happy Birthday." **Mrs. Bradley** had baked a huge cake, and fourteen brightly burning candles met Amelia's surprised stare. Amelia was 13; one candle for good luck.

The club meets every Saturday morning at the home of their leader, 358 Hillside boulevard.

Pike's Peak Railroad
Industrial progress has come to Pike's Peak, Colo., whose 14,110-foot summit has been attained by visitors for the last 50 years in passenger trains pushed by tiny steam locomotives on a cog-and-rack railway. To lessen the dead weight that has to be pushed up the peak, an aluminum alloy train with diesel engine power has been substituted.

Entertaining were Mrs. Cady, 741 Niantic; Mrs. Dale Hovey, 438 Willits; Mrs. Marsh, 109 Santa Cruz; Mrs. Charles Vittori, 52 Miriam, and Mrs. J. C. Winns, 67 Miriam.

Crocker P. T. A. Board Holds Meeting

Meeting of Crocker P. T. A. executive board and the Sew and Sew club was held at the home of Mrs. Emma D'Isep, 884 Templeton avenue, Thursday. This meeting was announced by mistake for Thursday, April 3. There will be no meeting of the Sew and Sew club, April 3.

Owing to the fact that April 8, the date for Crocker PTA regular meeting, is during Easter week, the meeting will be held at Lucca's restaurant on that date. Luncheon will be at noon. The regular meeting, which is very important, will follow. This meeting will be the election of officers. Those wishing to attend the luncheon are asked to get in touch with Mrs. Mildred Seiler or Mrs. Hazel Cassa, so that reservations may be made.

A whist has been planned for Tuesday, April 22, at 8 p. m. at Crocker school. All members and their friends are requested to attend.

'Tis Aptly Named

By Frances Lee Barton

NO angels dwell in Angel Food. No cooks abide in cookies. A crack in crackers is taboo.

There are no rocks in rookies. But this sponge cake is right named. The very taste is regal. I call it "Empress" and that name is proper, apt and legal.

Empress Sponge Cake

1 cup sifted cake flour; 1½ teaspoons grated lemon rind; 2 tablespoons water; 1½ cups sifted granulated sugar; 7 egg yolks; 1½ tablespoons lemon juice; 7 egg whites; ¼ teaspoon salt; ½ teaspoon cream of tartar; ½ teaspoon vanilla.

Sift flour once, measure, and sift four times. Add lemon rind, water, and ½ cup sugar to egg yolks and beat with rotary egg beater until very thick and light-colored. Add lemon juice gradually, beating constantly. Add flour all at once and stir until just blended. Beat egg whites and salt with rotary egg beater or flat wire whisk. When foamy, add cream of tartar and continue beating until egg whites are stiff enough to hold up in peaks, but not dry. Add remaining ½ cup sugar, 2 tablespoons at a time, beating well. Fold in egg yolk mixture. Add vanilla. Turn into ungreased 10-inch tube pan. Cut gently through batter with knife to remove air bubbles. Bake in slow oven (325° F.) 1 hour, or until done. Remove from oven and invert pan 1 hour, or until cold.

Tips On Whips

By Frances Lee Barton

FRUIT-FLAVORED whips are very popular with hostesses who realize the value of a light dessert after a heavy main course, or a tasty bite as the final serving for a light mid-day luncheon.

These cool, flavorsome tidbits are well worth serving frequently. Here is one that you will find particularly delicious.

Pineapple Whip

3 tablespoons quick-cooking tapioca; ½ cup sugar; ½ teaspoon salt; 1½ cups pineapple juice; 2 egg yolks, well beaten; 2 egg whites.

Combine tapioca, sugar, salt, and pineapple juice in saucepan. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Add egg yolks, mixing thoroughly. Beat egg whites until just stiff enough to hold shape. Fold hot tapioca mixture gradually into egg whites. Cool — mixture thickens as it cools. Serves 4 to 6.

General Pershing P. T. A. Holds "Fathers Night"

Henry Hall, legislative chairman of seventeenth district, C. P. T., addressed the group which gathered for General Pershing P. T. A.'s "Fathers Night," last evening, at Pershing school. In addition to a large number of unit members, fathers and friends, several "city fathers" attended, according to Mrs. Virginia Davidson, president.

Mrs. Davidson represented General Pershing P. T. A. at the district executive board meeting, Monday. It was the regular Presidents' meeting.

The sewing club has discontinued activities until later in the season. Time of resumption will be announced later.

Plans are now under way for an afternoon whist at the school, April 16. Mrs. Mildred Raser and Mrs. Ruth Canier are co-chairmen. They announce that many attractive prizes have been secured for the event. Playing begins promptly at 1:30 p. m. and the public is cordially invited.

A candy sale will be held the morning of April 16 at the school.

Say, Mama, Don't Forget Our Date

Today is the time for my check-up. The Daly City Well Baby clinic will be open from 9 to 11 a. m.

No charge is made. Scientific advice and aid in infant care are available to each mother. A child specialist and a nurse are in charge.

Only well babies are admitted to the center, located at the corner of San Jose avenue and Flornoy street. Visiting hours are the first and third Wednesday mornings of each month.

And, by the way, mama, I hope you've been listening. THIS IS IMPORTANT.

A Delightful Trifle

By Frances Lee Barton

I don't know who first named them "trifles" or why such a name was given to these delightful desserts. However, the name has "stuck" so all we must do is to prepare the best "trifles" we can. The appreciation of our guests will be our reward. Try the following when next you have company or when you wish to please your family at dessert time:

Jellied Trifle

1 package lemon-flavored gelatin; 1 package strawberry-flavored gelatin; 2 pints hot water; 1 cup diced canned pineapple; 12 marshmallows, finely cut; lady fingers or strips of cake; canned pineapple fingers; 1 cup cream, whipped.

Dissolve each package of gelatin in 1 pint of hot water. Turn into shallow pans. Chill until firm. Cut in cubes. Combine lemon-flavored gelatin cubes and pineapple. Combine strawberry-flavored gelatin cubes and marshmallows. Line large serving dish alternately with lady fingers and pineapple fingers. Place layer of lemon-flavored gelatin mixture in serving dish, then layer of strawberry-flavored gelatin mixture; repeat, finishing with layer of strawberry-flavored gelatin mixture. Top with whipped cream. Garnish with gelatin cubes, if desired. Serves 10 to 12.

Matoaka Council Enjoys Tour

A trip both pleasant and in-formative was taken by members and friends of Matoaka Council No. 18 when they went to visit a Swift and company meat-packing plant in South San Francisco, last Wednesday.

Their host, Mr. Welch, told the group about the various products and their merits, after which luncheon was served.

After the business session, last Wednesday, everyone present took part in a measuring game. The official "tapers" were Sister Jessine Woodworth and Brother Pete Bernard. The social commit-tee pocketed all money "waisted."

Refreshments were served by a representative of Nescafe in con- junction with the social commit-tee.

In answer to frequent requests to explain the purposes and aims of Matoaka, Mrs. Oliver Hoover, publicity chairwoman, includes an explanation in a letter to The Record.

According to Mrs. Hoover, the Degree of Pocahontas, of which Matoaka is a part, is the ladies' branch of The Improved Order of Red Men, "the oldest American fraternal order."

The precepts of the organization are Freedom, Friendship, a n d Charity. Matoaka cares for the orphans of members with a monthly allowance, and defrays expenses arising because of sick-ness or death.

Requirements for membership are American citizen (white), good health, good character, and means of support. The Matoaka council meets weekly in Yosemite hall, 110 Page street near Gough street.

UNDER ONE FLAG

The American people—not any class of people, but the American people—are as patriotic a people as ever lived in a land of free-men. We really are! When the Flag passes by, the man in shirtsleeves, and the man in double-breasted suit, both doff their hat—not just by force of habit, but usually in real reverence. We love America. We really do! Each and every one of us, if need be, would make any sacrifice to save America. We really would!

A few days ago, we thought of these things when we chanced to read a fervent appeal from the Office of Production Management—signed by Director General William S. Knudsen; Secretary of War Henry L. Stimson; Associate Director Sidney Hillman, and Secretary of the Navy Frank Knox. This appeal asked two classes of Americans—labor and management—to forget past grievances and serve UNDER ONE FLAG. It pointed out that “if the totalitarian forces of the world are victorious, all the hard-won rights of labor will be destroyed and both capital and labor will become the involuntary vassals of an all-powerful State.”

We are a rugged, rough-hewn, plain-spoken people. We battle, sometimes, just for the joy of battling—and to prove that we can dish it out as well as the next one. But now we have a common enemy; that enemy is arrogant autocracy—or, to use the modern word, totalitarianism. When next a labor mediation board meets, we suggest that the American Flag be placed above the table. When next labor and capital sit down to arbitrate, we suggest that proceedings start with a salute to Old Glory. It might help—somehow we believe it would—in solving the whole problem.

Dog Owners Preferred

Instead of working feverishly to obtain a larger share of the present market for canned dog food, one meat packer is directing its promotion toward expansion of the whole field. It hopes to induce the public to buy more pets, knowing full well that it will obtain at least its share of the increased demand.

"The Hurricane," Breath-Taking Film Opens Tomorrow At Daly City Theatre

CLINGING TOGETHER in terror at the height of the terrific storm that gives Samuel Goldwyn's "The Hurricane" its name are Dorothy Lamour and Jon Hall, the native lovers of the South Sea Island romantic drama which comes to the Daly City theatre tomorrow for three days.

A man-made fury of wind and wave, the storm gives Samuel Goldwyn's South Sea Island drama, "The Hurricane" which comes to the Daly City theatre tomorrow, its name, was filmed with awe-inspiring realism.

No punches were pulled, no feelings spared as players and technicians took a beating almost equal to that dealt out to the South Sea Island village, which Goldwyn spent a fortune to build and another fortune to demolish.

The storm was filmed piecemeal of necessity. By the time it was ended, one of the most complete and beautiful settings in all Hollywood was a shambles and Dorothy Lamour, Jon Hall, Mary Astor, and C. Aubrey Smith were nearly nervous wrecks.

The hurricane is levelling one of its furious blasts as we watch it in action. Nine huge wind machines are placed in strategic positions along the village shore of the setting's acre-and-a-half lagoon. Four of these gale manufacturers are 12 cylinder Liberty motors with giant three-blade propellers. Five are airplane motors, with propellers reversed to send the air surging outward instead of sucking inward. Each is capable of lashing out a 90-mile-an-hour gale.

Ford calls a command and the mechanics start their motors. An arm signal from Ford and smoke, some of it black, part of it tinged yellow, starts rising in a cloud from invisible sources behind the church on the set.

Steadily the speed of the propellers increases. Palm fronds and leaves come skittering down the gravel beach. Two of the giant Liberties are sending their blasts straight into the faces of the players. The din is terrific, the smoke cloud thickening. Gravel stings the faces of the players.

But all this has been child's play. A sweep of Ford's arm and a veritable inferno is turned loose.

A blinding drench of spray and the players are completely lost from sight. Step by step the players struggle forward. They gain the shelter of the trading post and the din begins to die away. Mo-

a good hitter and a fine bunter. Jim McKinnon and Bill Lekoff will take care of first base. Lekoff has the edge in experience, although McKinnon's prowess with the stick will get him into many games.

At second base is John Razzari and at third will be either Jack Rainey or Ray Valente. Speedster Willy Sharp will assume the nerve-wracking duties at the short patch. There are no reserves for short-stop. Loping about in the outfield the fans will see Walt Christen in left, Herb Poddig or Charlie Razzari in center and Dick Rupert in right.

In their first practice game this year the Jefferson lads downed Balboa with a barrage of fourteen base-hits. Last year the team was strong but was not perfectly consistent, occasionally dropping a game to a weaker team. This weakness may be overcome this season. At least Coach Biggs and the student body at Jefferson hope so.

Baptize Two Sons Of Mr. And Mrs. Biggs

In the beautiful Stanford Memorial chapel, the two small sons of Mr. and Mrs. Albert Biggs, Cavour street, were baptized, Sunday. Biggs is a popular Jefferson Union high school physical education instructor.

The boys, Robert Stanley and Don Carlton, were baptized before a small group, representing the immediate families.

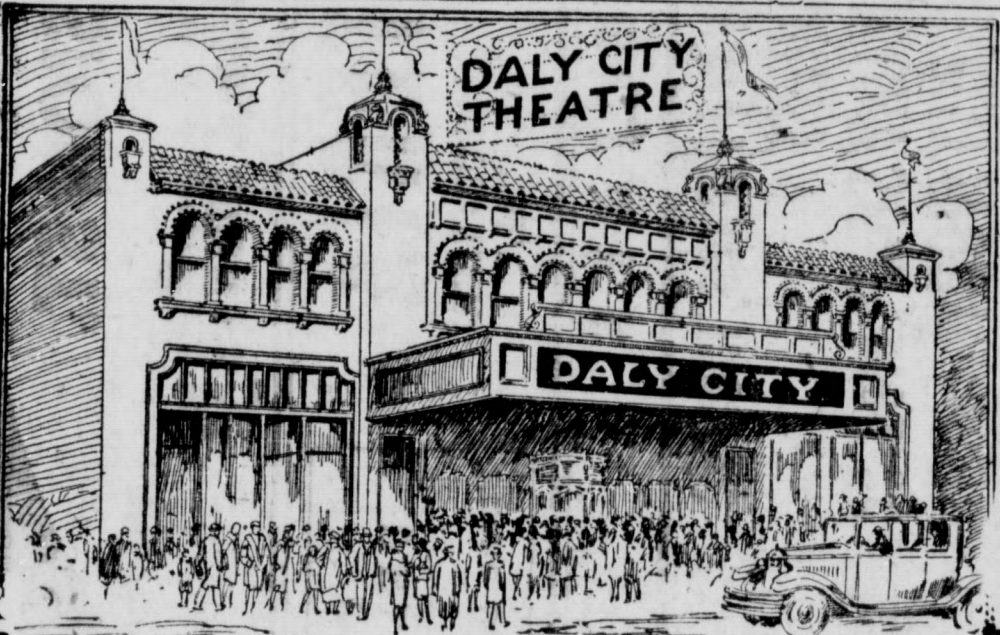

Performing the rite of baptism was a family friend and member of the local faculty, Clive M. Saiz.

ASSEMBLIES

The student body was quite thrilled over the visit of George L. Hossfield, present world champion typist, to the assembly, Friday. Hossfield holds the world's fastest record of a 139 words a minute. He can continue at this rate of speed for well over an hour.

William Regan jr., member of the staff of Schwabacher and company, spoke to the students in an assembly last Tuesday. His subject was the "Business Outlook for 1941."

T. B. TESTS

April 15, the members of the senior and freshman classes will be given the opportunity to take the Tuberculin "Skin Test." The San Mateo County Department of Public Health and Welfare is sponsoring the "Tuberculin Skin Testing Program."

DRAMATICS

A huge bouquet of Orchids is handed to Sigfred Hansen, and his cast of players, for the fine performance they presented to the public, Friday evening. The following students took part: Roy DeVincenzi, Barbara Davis, Melba Frei, Dorothy Kampa, Clyde McAndrews, Eldred Hahn, Bill Clement, Amy Vincent, Bessie Pastrikas, and Lillian Lekoff.

Also worth mentioning was the excellent scenery made by Durant Moseley and his stage crew.

PHOTOGRAPHY

Recently, members of the Photography club made a trip to Stanford university to take pictures of the many beautiful buildings. Edgar and Arthur Smith, faculty advisors, accompanied the group on the trip. Those enjoying the outing were Lawrence Christiansen, Verna Flatt, Charlotte Silvan and Alice Forest.

Other field trips are being planned by the club, to be held in the near future.

CSF

This morning 21 members of the C. S. F. accompanied by Jack Chapman, faculty advisor, visited the Mint.

Today, after school, the regular meeting will be held in the C. S. F. room. All members are urged to be present.

ENTERTAINMENT

Last Wednesday, Betty Coen, entertainment committee chairman, called her committee together to discuss the decorations for the next dance, April 25. The dance will be the fourth annual carnival.

According to enthusiastic reports from the group, the auditorium will be literally turned into a three-ring circus. Everything from balloons to flags will be incorporated to make this one of the biggest dances ever attempted by the group.

So! Better ask the girlfriend early and reserve a ticket. Don't forget the date—April 25.

CONTEST

Clive Saiz has entered the following students in a contest sponsored by the Elks National Defense commission and state association and subordinate lodge National Defense committees, Ed Hendrickson, Melba Frei, Louise Parodi, Glenn Goode, and Dina D'Elia.

Sports

TRACK

Thursday, the Jefferson Alumni Boys came back to their Alma Mater to play the varsity in one of the best track meets of the season.

Jefferson graduates who made quite a showing were: Emil Harrison, San Mateo junior college, Francis Olsen, and Scrabble, from Stanford university.

GPAL

Interclass volleyball practices are under way, according to Juanita Young, physical education instructor.

The girls have been out after school since March 24. The last

two practices will be held today and April 14, before the girls begin their games.

The schedule for interclass, interperiod and interclub is as follows:

Interclass, April 16, freshmen vs. juniors; seniors vs. sophomores. April 21, winners play.

Interperiod, games will be played on April 23, 28, 30 and May 5.

Interclub—May 7, 1a vs. 2a; 3a vs. 4a. May 12, 1b vs. 2b; 3b vs. 4b. May 14, 1a vs. 3a; 2a vs. 4a. May 16, 1b vs. 3b; 2b vs. 4b. May 19, 1a vs. 4a; 2a vs. 3a. May 21, 1b vs. 4b; 2b vs. 3b. May 23, losers of "a" club play, and May 26 losers of "b" club play. On June 2, the winners play.

To play in the interclass and interclub games every player must have at least three workouts.

BADMINTON

The girls already have started signing up for badminton. The games are scheduled for Tuesdays and Thursdays after school. The following girls have signed up: Eleanor Agresti, Barbara Wilmoth, Carmel Robin, Joyce Russell, J. Blecher, Pat O'Brien, M. Falbo, and Georgette O'Brien.

Campus Fashions

Girls, the Easter bunny is peeping around the corner to remind us that we have just a little

over a week to select our Easter outfits. This week and next, the column will have many suggestions, for both school and dress-up.

Number one on our list is a darling sports jacket first featured by the popular radio star Alice Frost. It's smart and snappy as a whip, but so inexpensive that you will be able to afford this as well as a dress-up affair. The jacket is fashioned with the new tiny rounded lapels, and off-center closing. Tailored to the last inch it gives your skirts that "business" look.

The jacket is made in a grey and powder blue wool. When it tops a darker grey wool skirt or a navy blue the effect is fashion plus.

Black is still the season's favorite as it can be changed to match your mood. A new and ultra swank combination is a black and yellow outfit. Topping a sheer wool dress with the new cut-out neckline, is a pale "sun" yellow jacket. The effect is dazzling and is a smart tip for those who don't expect to splurge new clothes this Easter. Your oldest of black dress-ee will take on an entirely new appearance by simply topping them with a bright jacket. If your color taste runs to red, substitute a robin red jacket in place of the yellow.

This week's campus fashion bouquet goes to a dark-eyed brunette. She is a high senior, loves to read good books and dislikes girls that wear a lot of make-up. Her favorite subject is U. S. History and Spencer Tracy gets her vote for the best movie actor.

Her campus outfit was indeed the last word in fashion. She was attired in a darling red Scotch plaid skirt, and a crisp white shirt. Over her shirt was a beige sweater.

Yes! You guessed this week's pretty lassie, she is none other than Claudia Bertini. So Claudia, we extend orchids to you.

Student Government

The main order of business in the executive meetings for the last several weeks has been the discussion of an annual color week.

In last Tuesday's executive meeting, Tillie Castro, yell-leader, suggested having a "Patriotic Week." The group discussed Tillie's suggestion, and finally voted to hold one during the week of May 26.

John Razzari, president, asked the committee and Tillie to bring suggestion to their next meeting so as they might begin to form plans.

Yesterday, during the executive meeting, it was suggested that every student be required to wear red, white and blue colors.

All students who don't abide by the executive board's ruling will be subject to appear in a kangaroo court.

Musical assemblies, pictures and all sorts of entertainment are being planned by the group to make this week one of the biggest times of the semester. A dance will be held some time during the week when only students wearing red, white, and blue will be allowed to attend.

It was suggested to the board

Music COWBOY BAND

To offset the chills given the audience in the dramatic's thrilling presentation of "Wits End," the Cowboy band entertained the group with several numbers.

On April 15, the Cowboy band and the Indians of Rhythm will play for the monthly program at the Veterans hospital. The group has planned a program full of musical fun.

CHORUS

Right at present Oscar Busch, faculty advisor, and his choral group of mixed voices are busy planning a program of religious music.

This program will be presented to the assembly immediately following the Easter vacation, stated Busch.

that weekly dances be held after school. After the usual discussion, the group voted for the idea one hundred per cent.

Starting today after school in the senior room, weekly Wednesday dances will be held. For today's dance phonograph records will be used, but after this Dante Lembi's Indians of Rhythm will play for the dances.

Greatest Ocean Depth

The greatest depth of the ocean is 35,400 feet near the island of Mariana.

Penguin Club To Hold Dance, Friday Evening

Maybe you thought penguins lived at the Antarctic and were no concern of yours. If so, your idea needs to be amended. Daly City's penguins are a very "live" bunch and have planned a gala dance for Friday evening.

Everyone's invited to the Penguin club event at Bayshore City hall, Geneva and Acacia avenues, according to Miss Glenore Hall, chairman. Bob Michelsen's orchestra will play for dancing, beginning at 8 p. m. Decorations, appropriately enough, will be black and white.

The entire membership of the Penguin club will spend tomorrow evening at Bayshore city hall preparing for the affair.

Side saddles for women were first used in England by Queen Anne in 1388.

KINDERGARTEN

The little tots have been very busy for the past two weeks building a farm. The boys have built fences, a barn, rabbit hutches, chicken houses, silos and a farmhouse.

The boys and girls have made and painted clay animals to put in the pasture, and clay furniture for the farmhouse. Brian Epidendio brought scratch feed for the chickens and Maryann Eberle brought barley for the bunnies.

To complete this activity work, each child has made a farm book, coloring ten different farm animals and sewing the pictures together under a cover of colored paper.

This week the children are busily engaged with their Easter activities. Some are sewing and stuffing Easter bunnies, while others are making calendars and cards.

grade dramatized the story of "The Good Little Bear."

The main roles were portrayed by Rose Accenelli and Gerald Worth.

These dramatizations are not only play, although they are enjoyed by all, but are quite worthwhile, stated their teacher. The children learn poise and confidence, as well as experience in oral expression. Then, too, those who are spectators learn to be attentive and courteous, as well as critical, concluded the teacher.

SECOND and THIRD GRADE

The second and low third grades are well aware of the fact that Easter will soon be here. During their last few art lessons, they have drawn pictures with bunnies, chicks, and ducks. These and similar pictures decorate the room.

For this week's art lessons, they are making Easter cards for their friends and families. Language will be combined with these lessons in the writing of verses to express their wishes for a "Happy Easter."

SIXTH GRADE

Pupils in Room 7 presented a delightful reading lesson to their classmates, Friday. They dramatized "The Knave of Hearts."

Among those who participated in the play were: Leonora Bertelotti, Robert Benassini, Ernest Domecus, Roberta Marable, Angelina Ottonello, Patricia Rowley, Helen Sarantitis, and Olga Veit.

EIGHTH GRADE

"National Parks and Monuments" is the title of the new social studies unit in which the eighth grade is interested.

To further stimulate their interests, a set of films was shown in regard to forest fires, fish, game and the building of truck trails.

The fact is being stressed that, as future citizens, it is the duty of each to use greater precaution in preserving the forests and the wild life that dwells therein.

ROOM 1

Pupils in the high eighth grade hiked to Lake Merced during their social studies period, last Friday. Purpose of the trip was to see the spot where the famous Broderick and Terry duel was fought.

Two students of the dramatic club, Harold Mount and Bill Fischer, dramatized the duel. It was very cleverly done and afforded much amusement, stated their teacher.

ROOM 2

Last week, pupils of Room 2 used stereographs which told of Admiral Byrd's trip to the South Pole. They discussed how the Antarctic differs from the Arctic and in which ways they are alike.

ROOM 4

During their social science period, pupils of Room 4 enjoyed the film, "Overland to California." The picture showed the territory traversed between Omaha and San Francisco.

ROOM 6

The pupils of Room 6 travelled to Golden Gate park, Saturday, March 22. The trip was made in connection with their study of National parks and monuments.

Highlights of the afternoon were the playing of baseball and visiting of the De Young museum, Japanese Tea garden and the aquarium.
